## PREPARATION / HANDLING

Remove thawed turkey from the plastic bag. Place in oven at 325°F in a shallow pan and cook until the internal temperature reaches 160°F (4-5 hours in a conventional oven, and 3 1/2 to 4 1/2 hours in a convection oven). Cooking times will be longer if the product is not completely thawed. Cooking times will vary with individual units and cooking equipment. When cooked, remove from the oven, remove skewer. Rotate the drumsticks upward and carve from the front.
