SCONE MIXES

Scones have been a favorite at state and county fairs for many years. Continental Mills has long been the recognized market leader for quality scone mix products. We are proud to offer two varieties:

6/5 LB KRUSTEAZ SCONES MIX 759-0350

Continental Mills, Inc. now offers one of our signature products in convenient 6/5 lb bag packaging.

For a variety that is sure to be one of your favorites, we now offer Cranberry Orange Scone Mix. Blessed with the same "just add water" preparation of Krusteaz traditional scone mix, this product is filled with cranberries and a tangy orange flavor. A perfect complement to breakfast, lunch, dinner or a snack by itself—try Krusteaz Cranberry Orange Scone Mix.

6/5 LB KRUSTEAZ LEMON POPPYSEED MUFFIN MIX 734-1050

Long a foodservice industry favorite, Continental Mills now offers a top quality Lemon Poppyseed Muffin Mix. You will enjoy the pleasant yellow appearance that blends with a distinctive lemon flavor. Each 5 lb box contains a bag of poppy seeds to be added at the bowl. This is the perfect addition to the quality muffin mixes offered by Krusteaz. Easy "just add water" preparation make this product a sure bet to be one of your most popular.

6/5 LB OR 50 LB KRUSTEAZ CREME CAKE & MUFFIN BASE MIX 5# - 734-1000, 50# - 734-1010

A rich base mix that is very versatile for products such as specialty cakes or muffins. This product requires the addition of oil and water to produce a creamy texture that will complement added fruits and other ingredients. This truly moist product lends itself well to an extended shelf life. As with many other Krusteaz base products, the flexibility to create signature offerings is unlimited. Continental Mills is proud to offer this product in two convenient sizes: 6/5 lb bag and 50 lb bags. Either way you will enjoy the Krusteaz quality for future profits.
