

THE BEST CHEESECAKE YOU'LL NEVER BAKE.

Simply the best tasting cheesecake mix available. One taste will tell you why. Light, creamy, luscious. A filling that requires no baking, mixes quickly, and can be ready to serve in a jiffy—with the Lasco quality and value you've come to depend on.

Because cheesecake is a natural to prepare in sheet pans, it's great for institutions, schools, banquets and meetings.

It's a fun dessert. You'll love the versatility. Besides a graham cracker crumb crust, try it with vanilla or chocolate wafer crumb. It's so easy—and quick.

Top it with a sweet filling in any flavor. Serve it in a parfait or champagne glass. Or maybe a specialty dish? The possibilities are exciting and mouth-watering.

Simply great! No matter how you serve it.
