

# DESSERT & SUNDAE TOPPINGS

*"For Finer Flavor"*

# Serve Desserts With Finer Flavor

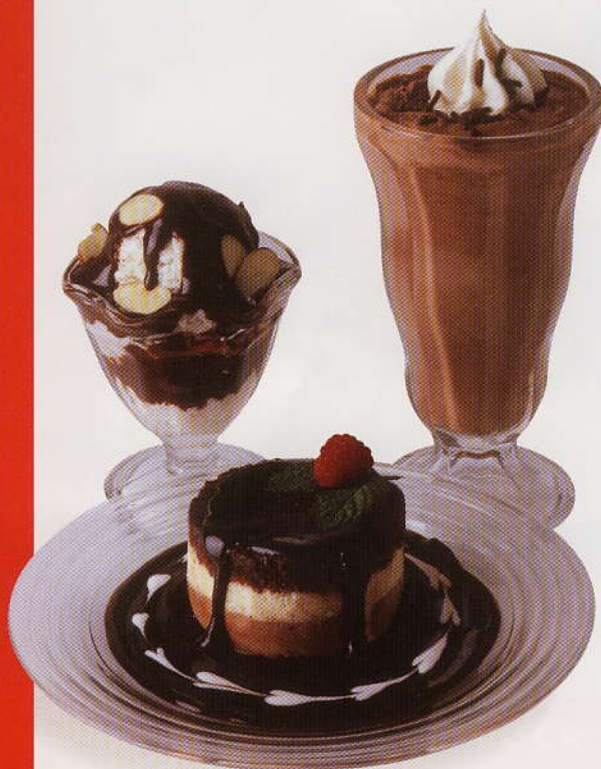

*Lyons Dessert and Sundae Toppings have been made with the same commitment for nearly a century and a half – a commitment to use the finest ingredients available and the most advanced processing techniques, to deliver superior products. That's why our motto has been "For Finer Flavor" since our beginnings in 1852.*

*The result is a broad selection of dessert and sundae toppings with unsurpassed quality – a guarantee that your desserts will have palate-pleasing appeal. If great flavor is what you are looking for – rich creamy hot fudge for a signature dessert, bold chocolate flavor for a premium shake, or the crunchy sweetness of pineapple for your banana split – Lyons has the product to meet your needs.*

## Chocolate Syrups

Our comprehensive syrup line includes eight different all-purpose chocolate syrups for use in both sundaes and shakes.

- Every Lyons Chocolate Syrup is processed with our proprietary continuous flow system, an advanced technique that delivers consistent flavor and texture in every can.
- Lyons Chocolate Syrups contain only premium quality ingredients in order to achieve rich chocolate flavor, intense color, and optimum thickness levels.
- Unique blends of Dutch and natural cocoas with varied levels of sweetness and flavor depth result in a total offering that fulfills a variety of individual flavor preferences.

## Hot Fudges

One of Lyons nine varieties of Hot Fudge is certain to meet your exact needs.

- Premium imported cocoas are combined with fresh dairy ingredients to create Hot Fudges ideal for even the most elegant chocolate desserts.
- Lyons Hot Fudges range from dark, "European style" to rich, creamy, milk chocolates.
- Lyons homogenization process produces smooth, thick textures that display superior draping characteristics.
- Hot Caramel and Butterscotch are also available for sundaes and other dessert applications.

## Squeeze Bottle Toppings

Packed in easy-to-use flip top squeeze bottles, Lyons toppings are a convenient way to dress up your desserts.

- Lyons Squeeze Bottle Toppings come in 3 great formulations: Rich N' Creamy Chocolate Hot Fudge, Old Fashioned Caramel Hot Fudge, and Fountain Supreme Chocolate Syrup.
- All of the products are formulated to achieve ideal viscosity and flow from the bottle with a gentle squeeze.
- Squeeze Bottle Toppings cut down on time and require no additional containers or serving utensils.
- Fudges can be heated easily in a hot water bath, or placed in a microwave.
- Lyons Fountain Supreme features a high content of imported cocoas for bold chocolate flavor and color. It compares favorably with nationally branded syrups.

## Sundae Toppings

Add value and variety to your dessert menu with Lyons Sundae Toppings – from traditional favorites such as Strawberry or Caramel to specialty toppings like Creme de Menthe or Mixed Berry.

- Lyons Fruit Toppings have unsurpassed fruit flavor and eye-appeal. Handpicked fruits, some of which are grown in our own fields and orchards, provide farm-fresh flavors and colors.
- Lyons has one of the broadest assortments of specialty toppings in the industry – menu variety is never a problem.
- Butterscotch and Caramel Toppings are still created just as they have been for over a century – traditional old-fashioned “scotching” and “caramelizing” of premium ingredients.

## Ice Cream Novelties

Add flair to your dessert items with Lyons Cone Coatings and Decorettes.

- Enhance plate designs by dipping the edge of a frozen serving dish in Cone Coating.
- Use coatings to transform frozen fruits into an exciting dessert selection.
- Decorettes are a simple, inexpensive way to add eye-appeal to many desserts and are especially appealing for children's menu items.
- Cone Coatings are available in chocolate, cherry and butterscotch.
- Coatings feature quick and even coverage, forming a firm shell on frozen desserts, soft serve and hard packed ice creams.
