# LYONS ReadyCare™ Thickened Tea & Thickened Coffee

**NEW!**

Have your residents with swallowing difficulties enjoy a hot cup of tea or coffee instantly with ReadyCare Thickened Coffee and Tea packets. Unsweetened and decaffeinated, serve up these beverages any time of day. Appropriate for most special diets, residents can sweeten their favorite beverage any way they like. Available in both honey and nectar consistency. Try some today.

## Easy on Your Staff and Budget

- Easy preparation, just add 6 fl. oz. hot water, stir and serve
- Dry mix packet allows for easy storage
- Single serve packet fits easily on patient's tray
- Economic alternative to preparing thickened tea or coffee in the kitchen

## Convenient and Versatile

- Black tea and coffee can be served as is or with the addition of sweetener, cream or non-dairy creamer to suit every resident's needs
- Kosher
- Decaffeinated tea and coffee to serve up any time of day

## Safe Swallowing

- Color-coded packets for nectar and honey consistencies prevent mix-ups
- Small amount of cream or milk can be added without changing consistency
- Smooth, lump free consistency
