Mechanical, Hands-free Dispenser Featuring:

- Attractive, hygienic design
- Efficient operation
- Ease of use
- Reliable performance
- Cost-effectiveness

Tork® Matic

Tork Matic Delivers Hygienic, Hands-Free Service in High-Use Areas

At the touch of a single towel, Tork Matic users have the assurance of optimal hygienic paper towel dispensing, with a greatly reduced risk of cross-contamination.

That's because the Tork Matic is a portion-controlled, mechanical hands-free dispensing system for roll towels that operates without a handle, crank or lever. You only touch the towel you use. It is designed to serve patrons quickly and safely by presenting a new towel after the previous one is dispensed. The user-friendly Tork Matic keeps lines in high-traffic restrooms moving quickly and eliminates crowding in office, industrial, healthcare and foodservice settings.

Tork Matic also reduces the number of roll changes needed, which adds up to big savings in maintenance costs. This high-capacity dispenser reduces waste by ensuring that all of the towels are used.

Tork Matic is an ideal solution for virtually any high-traffic restroom or wash station.

Here's a short list of long-lasting benefits:

Hygienic Excellence

Cleanliness counts and the Tork Matic dispensing system helps reduce the risk of cross-contamination.

Superior Reliability

Tork Matic is built with precision and attention to the highest quality standards.

Controlled Consumption

One sheet is dispensed at a time, discouraging overuse.

Reduced Waste

The entire roll is used, thanks to the stub roll feature.

Effortless Dispensing

Easy-to-pull towels are dispensed smoothly... every time.

Easy Maintenance

The see-through window indicates when it is time to refill.

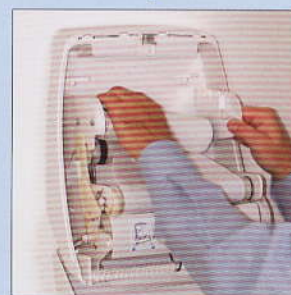

Loading Convenience

Automatic paper-feeding features make loading easy.

Smooth Design

The Tork Matic can be cleaned with a simple wipe-down.

**The Tork Matic
requires only three
simple steps to load
and operate:**

1. Move Stub Roll

Drop stub roll to the lower compartment so the entire roll can be used.

2. Load

Convenient paper feeding mechanism makes loading easy.

3. Pull Towel

You only touch the towel you use for improved hygiene.

The Tork Matic gives you flexibility...and economy

For added cost savings, the same towel rolls used by Tork Matic can also be used in another Tork dispensing system – the electronic, “no touch” Tork Intuition. As a result, the right dispenser can be installed for the right application, without the need to manage more than one type of refill.

Tork Intuition

Tork Matic WT

**Your patron gets a clean, fresh towel each and every time
— without having to touch a button, crank or lever.**

A variety of quality towels available

There are three choices of quality towels available for the Tork Matic

- **Plus:** A premium, quick-absorbing, thicker paper towel with improved softness and strength that feels like cloth. It is ideal for use in Class-A office buildings and upscale dining facilities.
- **Standard:** Absorbent, high-quality white paper towel for everyday use.
- **Basic:** A traditional, high-quality natural paper towel for everyday use.

Choose the roll towel that best meets your facility's needs. All three towels can be used in any of the following dispensers – Tork Matic and the electronic Tork Intuition.
