FOOD SAFETY

Red Baron® carries only the highest safety standards and the power of Schwan's® Food Service state-of-the-art manufacturing facilities. All of our plants are USDA inspected and operate in accordance with HACCP standards.

COMMODITY PROCESSING

Schwan's® Food Service has been processing commodities for over 20 years. You can rely on our expertise and professional service in adding value and decreasing product costs.

PREPARATION

Approximately 15 minutes in either a Convection, Conveyor or Conventional oven. Just heat and serve. In addition, you can decrease packaging waste by a factor of 12 since Red Baron products come in multiple units per case not one pizza per box.

PRODUCT CONSISTENCY

Revolutionary self-rising crust offers restaurant fresh taste, texture and aroma with freezer-to-oven convenience - with each and every pizza.

CN LABEL

All Red Baron® Bake-to-Rise products carry a CN label so you can be assured of meal pattern compliance.

100% CHEESE

Most Red Baron® Bake-to-Rise products use only 100% real cheese. It is the essence of the Red Baron® brand. Your commodity cheese and tomato paste can be used on all Red Baron® Bake-to-Rise products.

NAME RECOGNITION

Red Baron® is one of the most powerful brands in the retail market today. It is supported by national TV, radio and print campaigns so you can take advantage of the retail equity in your operation.

COMMITMENT TO CHILD NUTRITION

Schwan's® Food Service has been a strong supporter of child nutrition for over 25 years, supporting local, state and national child nutrition organizations and sponsoring numerous ASFSFA programs.

ONGOING PROMOTIONAL SUPPORT

Schwan's® Food Service and Red Baron® will continue to bring effective, impactful promotions and merchandising support to help drive your business. Your Schwan's Regional Sales Manager will help you execute promotions, and offers assistance with product handling, merchandising and menu ideas.
