Environmental Commitment

Green is more than a color to SCA. Green is a better way of doing business. As a global corporation, we incorporate sustainable business practices into virtually every facet of our organization, and for our customers, we strive to offer nature-friendly products that meet end-user needs around the world.

SCA was ranked in 2007 as the second greenest company in the world, second only to a wind turbine company.*

Typically characterized by qualities such as recycled or biodegradable content, waste reduction potential and nature-friendly production processes, green products have become a purchasing priority. Manufacturing green products is an SCA priority.

Many of our towel, tissue and napkin products are EcoLogo^{CM} certified.

- Nearly all of our internally produced base paper products are 100% recycled.
- Several of our paper products exceed EPA guidelines for post-consumer content.
- All of our facilities are process chlorine free.
- Our Mill of Origin program reduces the number of miles our products travel prior to delivery to our customers.

And, choosing green can save you green.

In addition to EcoLogo certified paper products, Tork dispensing systems are not only designed to minimize environmental impact, they can save you money.

- One-at-a-time controlled dispensing systems reduce consumption.
- Easy-to-load, high-capacity dispensers reduce labor costs.
- Hygienic, no-touch systems reduce absenteeism and healthcare costs.
- Locking dispensers reduce pilferage.

Choose green as a better way of doing business. By partnering with SCA and using EcoLogo certified paper products and Tork dispensers, reduce costs and promote environmentally-friendly practices.

* As ranked by *The Independent* in conjunction with Ethical Investment Research Services

Hygiene Solutions

While being sick significantly impacts employee productivity and attendance, washing and drying hands is the most effective way to reduce the risk of spreading germs. With Tork, you're guaranteed best hygiene practices: innovative, one-towel-at-a-time dispensing systems reduce the risk of cross-contamination and the smooth, easy-to-clean design further promotes sanitary washrooms.

Tork's dispensing systems are also designed to reduce your total acquisition costs. By using high-quality paper and soap products and high-performance dispensing systems average consumption decreases, thereby reducing refills and maintenance needs.

Notes

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

This image shows a full page of a blank sheet of white paper designed for writing. It features horizontal blue or grey ruling lines spaced evenly down the page. A single vertical line runs parallel to the left edge, creating a narrow margin. The word "Notes" is printed in a large, dark font at the top right corner.
