The Cleaning

Cleaning and Maintenance Innovation Since 1950

Betco's name has been synonymous with innovation and quality, since 1950. For over five decades Betco has been an industry leader in providing facility maintenance professionals with products and programs that enhance productivity and increase cost-efficiency.

The Betco bundle includes a complete Green cleaning program, durable equipment line, and versatile chemicals. Green Earth®, SportsZone™, Fastdraw®, and Clario™, are just a few of the nationally recognized Betco product lines in the janitor industry.

As a pioneer of the green movement, Betco has formulated dozens of green products since we launched our program in 1990. From Skin Care to Floor Care, Betco's Green expertise has made us a trusted name in the janitor market. Our Green Earth® program includes products, equipment and training. Our dedication to cleaning for a healthier environment keeps us focused on engineering even more products that will have a reduced impact on the environment.

Chemical Management Edge

The Right Solution for a Variety of Applications

Betco has a comprehensive chemical product offering. Every facility is different and has their own unique challenges to provide proper sanitary maintenance and cleaning. Big or small, water access or not, we have a chemical product and system that is right for you. From our Fastdraw® system to our economical QuarterPack program, each has the right solution for you to reduce labor costs, and provide a quality cleaning.

Our Fastdraw® chemical management system is innovative and versatile. Dispenser options range from single, and multi-product units to portable options. All Fastdraw® dispensers utilize the same Fastdraw® product package. This single package eliminates the confusion of multi-product platforms. The Fastdraw® bottle has special features like sealed inserts to prevent leakage, multi-dilution ports to dilute bottles and buckets from the same bottle and each bottle is numbered and colored coded to insure proper use. Training for our Fastdraw® system is simple with our customizable wall chart and task card program.

The Green Cleaning Edge

Cleaning for a Healthy Environment Since 1990

Betco has been a leader in Green Cleaning since 1990! With our first Green Earth® Chemical Management systems, we started our mission to create a healthy environment. Today, Betco's Green Earth Cleaning program consists of products, procedures and equipment designed to have a reduced environment impact while maintaining superior performance. This cleaning program is specially designed for a variety of markets where our products can make an immediate impact. Our program is predicated on cleaning for health and the environment.

For nearly two decades Betco has shown its dedication to green cleaning. We launched our Green Earth® Chemical Management System in 1990 and since then have added numerous green products and equipment pieces to our offering. Clario™ Green Earth® Foaming Skin Cleanser, Clario™ Green Earth® Lotion Skin Cleanser and the Genie™ All Purpose Scrubber are just a few.
