To Whom It May Concern,

This letter is in reference to your inquiry regarding compliance of Saputo Cheese USA Inc. product code 101097 – Feather Shred Parmesan Cheese with the USDA National School Lunch Program Buy American Provision.

Per Section 104(d) of the William Gooding Child Nutrition Reauthorization Act of 1998, foods provided for the National School Lunch Program are required, to the maximum extent practicable, to be domestic commodities or products. NSLA defines “domestic commodity or product” as an agricultural commodity that is produced in the U.S. and a food product that is processed in the U.S. using substantial agricultural commodities that are produced in the U.S. “Substantial” is defined as more than 51% of the final processed product consists of domestic agricultural products.

The 101097 – Feather Shred Parmesan Cheese manufactured by Saputo Cheese USA Inc. contains greater than 51% of domestically sourced ingredients and is solely processed and manufactured in the United States.
