Sensory Gold Standard Description:

Emulsified Lunchmeat Slices Sensory Requirements

- **Appearance:** Consistent, homogeneous light beige-pink color with some dark red, very fine particle definition in a round shape. Each slice is in-tact with no visible moisture, does not fracture and without slice smears or tears.
- **Texture:** Soft initial bite with no resistance and high springiness; slightly moist and begins to break down at the 12th chew. No grittiness.
- **Flavor (Taste & Aroma):** Moderate meat flavor with a moderate saltiness, slight garlic flavor and slight-moderate sweetness.

Disclaimers:

- All product is produced in accordance with good manufacturing practices and conforms to all applicable federal, state and local regulations.
- If quality issues arise, make sure that all packaging and product are saved for review and retrieval of pertinent information (i.e., producing facility, lot, etc...)
- All quality issues should be reported to your company's corporate offices. Your company's corporate offices will report the issues (along with all pertinent information) to Smithfield's Quality Assurance contact person. Smithfield's Quality Assurance contact person will notify Product Management.
- The nutrient analyses represent typical production lots, these are not guaranteed as minimum or maximum levels.
- Child Nutrition, Meat/Meat Equivalency, or Product Formulation Statement information may be available upon request.
